## Profile

Full-stack web developer with a designer's intuition. I architect and ship end-to-end web platforms—owning everything from UX and component systems to APIs, data models, and deployment pipelines. I balance clean, scalable code with crafted visuals so brands launch fast, evolve smoothly, and leave a memorable impact.

## Skills

Bash  
tailwindcss  
Linux  
SQL  
Analytics  
Data Analysis  
HTML/CSS

## Education

### Brooks Institute of Photography

Photography &  
Visual Communications

## Work Experience

### Revert Creations | Freelance Developer & Designer

*Feb 2021 - Current*

With a decade of seasoned experience in design and development, I have strategically leveraged my expertise to elevate brands' social and web presences. This has been achieved through the meticulous creation of impactful logos, banners, posters, images, and videos, demonstrating a commitment to delivering polished and effective visual solutions.

### Hagerty | Fullstack Developer

*Jan 2022 - Feb 2023*

As a key member of the Product and Engineering team at MotorsportReg, I played a pivotal role in enhancing the user experience for both attendees and organizers.

This was achieved through redesign and optimization efforts for the attendee registration and login flows, resulting in more efficient registration processes and increased conversion rates. Notable improvements include streamlining the registration process for logged-out attendees and enhancing the user interface for club-specific questions, contributing to smoother registrations.

### HoldMyTicket | Fullstack Developer

*Apr 2016 - Jan 2021*

During my tenure as a Fullstack Developer at HoldMyTicket, I played a pivotal role in the successful release of Swarm 2, a significant rewrite to the mobile box office solution. This transformative software, utilized by over 750 organizations and powering millions of events nationwide, marked a notable advancement for the company.

### Wright's Gallery | Graphic Designer & Photographer

*Oct 2013 - Oct 2015*

Strategically directing digital marketing initiatives, I elevated brand visibility and fueled substantial sales growth. Simultaneously, I curated a diverse design portfolio encompassing everything from compelling print advertisements to captivating web graphics and creative print advertisements.
